### PRETTY HOUSE WEDDING AT "ORCHARD," SIDNEY

On Thursday morning, Dec. 2, the home of Mr. and Mrs. Frank Smith, "The Orchard," Sidney, B.C., was the scene of a very pretty wedding when the Rev. T. Mortimer Lees, united in marriage their eldest daughter, Patricia, to W. O. Barrett Higgs, eldest son of Mr. W. Miller Higgs, of "The Haven," Galiano Island. The bride, who was given in marriage by her father, looked charming in a beautiful gown of pastel shade green georgette trimmed with gold lace and rhinestones, she carried a lovely shower bouquet of carnations and bridal roses and maidenhair fern with long streamers of baby ribbon beautifully entwined with flowers. Her only adornment was a string of pearls, the gift of the groom. The bride was attended by her sister, Mrs. A. White, who was daintily attired in a peach crepe-de-chine dress trimmed with sequins and carried a bouquet of pink carnations and maidenhair fern. Mr. Archie Higgs, of Vancouver, brother of the groom, acted as best man. The gift of the groom to the bride was a bracelet of pearls and to the best man a gold fountain pen. Mrs. Smith, mother of the bride, received the guests, looking very charming in a gown of black duchesse satin trimmed with cut velvet, assisted by Mrs. W. Miller Higgs.

The house was very prettily decorated, the special feature was the beautiful floral arch of climbing roses and sweet peas from the centre of which hung a huge wedding bell of gold and silver, under which the couple stood during the ceremony. After the ceremony Mr. J. W. Smith, of Victoria, uncle of the bride, proposed the toast to the bride, which was responded to by the groom, the guests then adjourning to the dining-room, where a dainty luncheon was served upon a beautifully decorated table, the centrepiece of which was a three-tiered wedding cake, surmounted by a silver bell.

At 3 o'clock the happy couple left for Victoria en route to Seattle and Sound cities. The bride's going away attire was a brown Canton crepe dress trimmed with satin and a handsome leopard plush coat with hat to match.

The bride was the recipient of many beautiful and useful presents, among which was a dinner service, the gift of the groom's father.

### MOVIES ON SALT SPRING ISLAND

By Review Representative  
FULFORD HARBOUR, Dec. 9. — Under the management of C. W. Baker and H. W. Tatkinson, moving pictures will be shown every week at the Institute Hall, Fulford, commencing on Thursday evening, Dec. 9, at 8 o'clock. They will put on the world's wonder film entitled "The Lost World," followed by a comic, "Careful Dearie." The same show will be presented at Ganges on Saturday, Dec. 11. Pictures for the following week, Thursday, Dec. 16, will be "The Lady," followed by a comic. The same show will be presented at Ganges on Saturday, Dec. 18.

### DEVELOPMENT ASSOCIATION MET AT FULFORD ON 2nd

By Review Representative  
FULFORD HARBOUR, Dec. 9. — The first quarterly meeting of the newly formed Salt Spring Island Development Association was held in Fulford Hall Thursday, Dec. 2, at 8 p.m., the president, Mr. Chaplin, occupied the chair. There were over 30 residents of the South End of the Island present. Items of interest were taken up, among them being the question of the local service and it was decided to ask the C.P.R. to revert to their original schedule which gives Fulford Harbour a call of the "Otter" from Vancouver.

A number of new members were enrolled and it is hoped that all the residents of the South End will become members, as this association, which is taking the place of the late board of trade, will take up all questions of interest to the residents and is for the development of the whole of the Island. The next members' meeting will be held at Ganges the first Thursday in March, the executive carry on the affairs of the association between members' meetings. One lady from each of the ladies' organizations on the Island will be asked to attend the executive meetings.

### CARDS AT THE DEEP COVE CLUB

By Review Representative  
The Deep Cove Social Club held a very enjoyable dance in the club hall on Friday evening and although there was only a small crowd all who attended voted it a most successful affair. Schofield's two-piece orchestra provided a splendid program of dance numbers, replying to the many encores in a most efficient manner. Dainty refreshments were served in the dining-room at prettily decorated tables by Mrs. Alan Calvert and dancing was continued until 1 o'clock.

The Deep Cove Social Club held their regular weekly card party in the hall on Monday evening. There was a good turnout of members who spent a most enjoyable time at progressive 500 which was played at eight tables. The ladies' prize was presented to Mrs. D. North. At the conclusion of the game dainty refreshments were served by Mrs. Beattie.

### CHILDREN'S PARTY

The children of the Sidney Public School will be given a treat on Friday, Dec. 17, in Berquist Hall, where the Parent-Teacher Association have arranged a fancy dress party for them, the occasion being the annual Christmas treat for the children. Supper will be served to the children and they are already looking forward with interest to the affair. After 3 o'clock a dance will be held for the adults and it is hoped as many parents and friends will be on hand as possible as this will be the only manner in which to defray expenses. Prizes will be given for the best costumes.

### Do Your Christmas Shopping Now

### LOCAL FISH REDUCTION PLANT IS VALUABLE ASSET TO FISHERMEN

Foro Products, Limited, Has \$50,000 Investment  
In Best Equipped Plant Of Its Kind In British  
Columbia—Pays Out \$10,000 Monthly

One of the most important industries operating at Sidney is the Foro Products, Limited, their plant being situated at Roberts' Point, one mile north of the town. This company is engaged in the manufacture of fish meal and fish oil, using as their basic material dogfish, otherwise known as greyfish.

The system of reduction used, known as the vacuum process, is the most modern yet devised and the Foro Company have the only plant of this kind operating in British Columbia. The outstanding feature is that the cooking of the raw product is done in a vacuum with all the cooking vapors being drawn off the cooking drums with a powerful vacuum pump. These vapors are condensed by the application of salt water in the condenser and pass off in the form of water through a pipe line and are carried far out to sea. In this system it does away entirely with all odors in the cooking process and in this and other ways is the most sanitary plant operating on this class of product.

The plant itself is a very imposing one, there being a series of four steel cooking drums, each 50 feet long and 6 feet in diameter, and each 50 feet long superimposed. These drums are double, the steam being fed through a manifold into

the inner space between the two drums, thus cooking by indirect steam the raw product while it is passing through the cookers by a spiral conveyor. Passing from one drum to the other it finally emerges at the bottom drum and the hot product is delivered to a powerful double screw press where the oil is squeezed out and flows to settling tanks. The product comes out the press in the form of dry fish cake, which is subsequently put through a grinder, conveyed to a bin and sacked in 100-lb. casks ready for the market.

After the oil comes through the press it is allowed to settle in a battery of oil tanks and finally enters by gravity the large storage shipping tanks with a capacity of 25,000 gallons of oil. From these tanks it is pumped into Canadian Pacific Railway oil tank cars, the railway company placing a barge with empty oil tank cars right at the company's dock and in an hour and a half, from 8,000 to 10,000 gallons of fish oil are loaded for shipment to different parts of Eastern Canada and the United States.

The meal finds a ready sale in our market, where it enters into the composition of poultry manure and thus becomes a very vital factor

### PUBLIC SCHOOL REPORTS FOR MONTH OF NOVEMBER

#### OFFICERS ELECTED AT N. & S. SOCIETY FOR NEXT SEASON

By Review Representative  
SAANICHTON, Dec. 9. — The annual general meeting of the North and South Saanich Agricultural Society was held on Tuesday afternoon, Nov. 30, at 2.30 o'clock, with President H. E. Tanner in the chair.

Mr. Tanner, in reviewing the work of the society for the past year, referred to the fact that the balance of last year had been maintained in spite of a considerable decrease in the grants from the provincial government and the municipality. There had been a good increase in membership, the society now being the largest in paid up membership in B.C. Entries too showed an increase and the directors had been complimented on the added attraction outdoors of the Highland dancing. The splendid work of Secretary Colin Chisholm, whose application and industry were a great factor in making the work of the society a success, were lauded.

The secretary-treasurer read the annual financial statement and was able to show a satisfactory balance.

The election of officers resulted as follows:—  
Honorary patrons—Col. Cy. Peck, V.C., D.S.O., M.P.P.; Hon. T. G. Cow-

(Continued on Page Seven)

SIDNEY PUBLIC SCHOOL  
Pupils ranked in order of merit for November:—

#### CHECKER BOARD CHAMPION OF B.C.

MRS. G. E. McLEAN,  
of Sidney, holder of the McIntyre Challenge Cup, emblematic of the Championship of British Columbia on the McIntyre Checker Board.

#### OLD-TIME DANCE

Tonight (Thursday) the Sidney Social Club will put on their second "Old-Time" dance. Brook's three-piece orchestra will be in attendance and promise something special in the way of old-time dance music for everyone. The popular "The Hallowe'en" dance put on by the club was well attended and was a decided success in every way and this second affair will no doubt prove even more popular than the first. Supper will be served and a good time is assured.

#### NEW COOK BOOK FOR CUSTOMERS

A beautiful white cook book is being given away this week at the Sidney Trading Company by the demonstrator of Blue Ribbon goods to all adults making a purchase of Blue Ribbon tea, coffee or baking powder. This is a good quality stiff back cloth bound book and is worthy of a place in every home. In it you will find a recipe for anything that you desire from soup to nuts. Most of the recipes are simple and economical, but you will also find a number of more elaborate ones suitable for special occasions and for lanchons. There is a special section in this book.

Advertising rate cards furnished upon request.

Sidney, Vancouver Island, B.C., Dec. 9, 1926.

Communities owe more than they sometimes realize to that little circle of merchants, manufacturers and other business men who are progressive because they love their work and who by their own progressiveness cause the community to grow and prosper.

The average man will admit to himself, secretly at least, that he is smart. Some admit it openly. The educated man finds the farther he goes in the hunt for knowledge, the less he knows.

Among the illiterate and impoverished laughter is natural and unrestrained and even cultivated. It makes life endurable. But with those classes which aspire to cultivate refinement as society defines them it is usual to bridle done's laughter.

No permanently wholesome life either in the community or the nation can be built on a substantial basis unless home life and home training play a great part in this process.

Activity in attracting industries makes a community great—not activity in opposing them. Which way are WE active?

Ever stop to think that no matter who's elected, governmental machinery will continue to function just the same?

Most of the things that are the matter with the young generation have arisen from association with the older generation.

It is the business of the school to help the younger generation to run up and come abreast of helping the young to catch up.

## WITH OTHER CANADIAN EDITORS

### WAGES AND EARNINGS

(The Review, North Vancouver, B.C.)

The difference between the wage earned by the Canadian railwaymen and that paid the American railwaymen, a difference that may bring on a strike, is a fair example of the difference in average wages and salaries that exists between those of the two countries. This would mean nothing were it equalized by other circumstances; but it is not. Statistics indicate that the cost of living is slightly higher in Canada than it is in the United States.

One of two things is true. Either "times" are bad in Canada, or somebody is getting more than his share.

There can hardly be an argument about the first assertion. Conditions in Canada are good, with the exception of a few bad spots. As to the second, though few economic facts are at hand, it has long been said that a number of large companies in Canada always make handsome profits, and those profits always seem to leave Canada.

Get your Jap Oranges at the Local Grocery—Only 85c per box.—Advt.

In the results of the recent elections to the Provincial Boys' Parliament that were announced Saturday the name of Edwin Cliff was noticed among the four representatives from Victoria. The Boys' Parliament, representing all the affiliated boys' organizations in the province, will meet from Dec. 27th to Dec. 30th in the Provincial Legislative Chamber. Boys from all over the province will meet to shape boys' work for 1927.

Mr. F. N. Wright, of Messrs. Copeland & Wright, is in the Jubilee Hospital, where he is under treatment for old war wounds. He is reported to be getting on very nicely, but expects to be there for some time.

Mr. Joe David was the purchaser of the big green house on Second St. formerly owned by Mr. A. Gehrke, of Port Angeles. Mr. and Mrs. David and family have already moved into the house, where they will reside.

Inspector May visited the Sidney Public School last week.

The Sidney Amateur Athletic Association at their last meeting decided to hold a dance on Dec. 28th. The presentation of cups and medals to the baseball team will be made at this dance. Zala's four-piece orchestra will be engaged and a committee has arrangements in hand.

Mr. and Mrs. Miller Higgs, of Galiano Island, were in Sidney for the Higgs-Smith wedding which took place at the home of the bride last Thursday morning, Dec. 2.

Mr. and Mrs. Graham, formerly of All Bay, have removed to Third St.

Fred Muselow, of the Sidney Public School, was the winner of the first prize and Butchart Cup for the championship in the garden contest for the season of 1926 for Greater Victoria and Saanich districts. Particulars and points received will be published later.

The next meeting of the Holy Trinity and St. Andrew's branch of the Women's Auxiliary will be held on Wednesday, Dec. 15, in Matthews' Hall.

The Girls' Auxiliary of Holy Trinity and St. Andrew's will hold their next meeting at the home of Miss Lilah Pohl on Monday, Dec. 13, when Mrs. McLean will give an address on "The Story of Esther." The gifts for the Christmas parcel to be sent to Alice Dutch are requested to be handed in at this meeting.

Jap Oranges, per box, 85c, at the Local Grocery.—Advt.

Mr. Jack Huxtable, of Perdue, Sask., who spent last winter in Sidney, has again arrived here, where he expects to spend the winter.

An earthquake shock was felt by the people of this district on Saturday morning when they were aroused from their slumbers about six o'clock by a loud rumbling and the rattling of doors and windows. The earthquake was reported to be out in the Straits.

The regular meeting of the Sidney Board of Trade will be held next Tuesday, Dec. 14, in Wesley Hall at 8 o'clock. A good attendance is requested.

A Parent-Teacher meeting will be held in the school on Tuesday evening, Dec. 14. A full attendance is requested as final arrangements will be made for the fancy dress party that is being given the children on Friday, Dec. 17.

Friday and Saturday are the big double-header dollar days at the Sidney Trading Co. Many bargains are being offered for this special sale in every department of the store, hardware, groceries and dry goods. You will find such articles as ladies' and gentlemen's shoes, underwear, fine silk hosiery, light bulbs, flashlights, etc., etc., at special prices. The demonstrator for Blue Ribbon products is also at the store during these two special days. You are requested to visit the store on Friday or Saturday and see for yourself.

Mr. V. Conn, of New Westminster, arrived over the week-end at the home of Mrs. J. McNaught, Third Street.

## FADA NEUTRO-RECEIVER WINS THE FIRST PRIZE

Word has come from England that the Fada Neutroreceiver was selected as the first prize in the first "Cartoonograph" contest, and the official test report listed 30 stations in 15 minutes from British and Continental stations. The competition was conducted by "Wireless," referred to as the "Radio Bible" of England. Aside from the general interest in radio circles abroad, the significance of this intelligence is that the most exacting tests are made in the laboratories at Elstree of receivers entered.

Excerpts from the official report indicate that "the stations were heard on the loud speaker during about 15 minutes' search and Bournemouth can be received without hearing London. Manchester and London were heard at about equal strength. This was the first night that some of the main stations changed wave lengths." Bournemouth, Newcastle, Dublin. Starting at 241 metres with Stettin, a German station, the reception ran through to 552 with Budapest, including the following: Stettin, Norrköping, Brussels, Bremen, Dortmund, Hanover, Sheffield, Stoke-on-Trent, Bradford, Leeds, Nottingham, Cardiff, London, Manchester, Bournemouth, Dublin, Newcastle, Munster, Breslau, Glasgow, Berne, Belfast, Stuttgart, Barcelona, Birmingham, Swansea, Aberdeen, Berlin, Vienna and Budapest.

It is gratifying to note that a set of Fada manufacture should take such high rank abroad. "The daylight results were astonishingly good," continues the report. "During the morning, when conditions are not good, Cardiff was received at such strength that it had to be 'tuned down' before it was comfortable in a large room. Nottingham was also received in the morning and was heard at good loud speaker strength, whereas Stoke-on-Trent was also received at 'loud speaker strength.' The report also went into details as to the construction and design of the receiver. Percy W. Harris, M.I.R.E., probably the best known radio expert in England, made the presentation of the set.

## MILITARY 500 AND DANCE

By Review Representative

FULFORD HARBOUR, Dec. 9.

A very successful military 500 drive and social, under the auspices of the Ladies of the Altar Society, was held at the Institute Hall, Fulford, Friday, Dec. 3, with a very large attendance. There were 20 tables, cards starting promptly at 8:30 p.m., under the management of Father Scheelen, who kept the playing going in full swing throughout the evening. The game ended with a tie of three tables each having 27 points, the players decided to draw a card for the prize, the winners being Miss Elinor Gropp, Ray Morris, Paul Carlson and W. Coopsie, first table. Second table—Miss Florence Mallet, Ferguson Reid, Miss Evelyn King and Bob Akerman.

After the game Mrs. M. Gyves won the prize for the lucky chair. There were several tombola prizes given throughout the evening, the winners being W. Cearley, A. Harris, H. Turner, G. Hamilton, Mrs. H. Ruckle, Miss Tillie Akerman and Mr. Gymnicky.

A turkey, donated by Mrs. R. Maxwell to be raffled, was won by Mr. Baker, Ganges Harbour; the goose given by Mr. Gyves went to Mrs. R. Maxwell, and a cake made by Mrs. G. T. Akerman was won by Mrs. H. Ruckle.

After the cards refreshments were

served under the management of Mrs. Ringwood, president of the society, assisted by Mrs. R. Maxwell, Mrs. Becker, Mrs. P. Rowland and others. The hall was very pretty decorated for the occasion with evergreens and red bells, which helped to brighten it up considerably.

## LETTERS TO THE EDITOR

The Editor assumes no responsibility for the views expressed by correspondents. All letters must be signed by the writer, not necessarily for publication. Writers are requested to be brief and to the point.

To the Editor,  
Saanich Peninsula and Gulf Islands Review.

Sirs:—I notice in your report of the annual meeting of the Islands Liberal Association that I was elected vice-president for the ensuing year. I wish it to be understood that I am not in affiliation with any Liberal organization and am not even a supporter of the Provincial Government. It is therefore quite impossible for me to accept the honor and I have notified the secretary to that effect.

## The Character of a Good Beer

LIKE any other good thing, good beer has a character, and it is this—

The flavor should be "clean" and free from yeastiness, with an apparent but not over-pronounced hop aroma of a delicate character. It should be free from sweetness, "drinkful," with a distinctive bite on the palate.

It should carry a firm, creamy head. Above all, it should have a brilliancy of appearance that immediately attracts and delights the eye of the discriminating.

Beer made for the people of British Columbia by the Amalgamated Breweries has these characteristics. It is a good, pure beer.

## FULFORD

By Review Representative

Mrs. Howard Horel returned to the Island on Tuesday from Victoria, where she has been an inmate of the Royal Jubilee Hospital for the past three or four days.

On Monday evening, Nov. 29. A dinner was given at Harbour House, Ganges, to the delegates who attended the Conservative convention at Kamloops. Owing to the very wet night only a few attended.

Mrs. T. Reid left on Tuesday last to spend a few days in town, returning home Saturday.

Miss Daphne Justice is paying a visit to the Island and will spend a few days with her brother, who is laid up with a cold.

Madame Gallantly left on Thursday last for Victoria, where she will spend the winter months at the Empress Hotel.

Miss Tillie and Master Bob Akerman went to Victoria on Monday to spend the day with their sister Dorothy, who, we regret to say, is still a patient in St. Joseph's Hospital, where she has been for many months. Her many friends wish her a speedy recovery.

Miss Elizabeth Monk, of Beaver Point, went to Victoria on Tuesday and will spend a few days, returning to the Island Saturday.

Mrs. Eveline King, of Beaver Point, has been spending the weekend with friends at Fulford.

Mrs. Laundry, Father Scheelan and Mr. Gaynor were passengers on the launch "Aristo" Tuesday.

Mr. P. C. Mollet has recently had the "Delco" light installed throughout his house and chicken plant, which he finds a very great improvement on the old style light. This is the first electric light system at the South End of the Island; we hope there will be many more before long.

Mr. Murray McLennan has been spending the week with his parents at Beaver Point and will return to Vancouver Tuesday, where he has been working for some months. of Fulford Harbour.

One for the Rotter (Otter): Father Scheelan missed the "Otter" Monday at Burgoyne Bay. This is the first time such a thing has ever been known. (What happened?)

Mrs. Eddy Lumbley and child have been spending a few days with Mrs. Wakelin, Fulford.

Mrs. Alfred Ruckle and Mrs. Marchinson, of Beaver Point, went to Victoria on Tuesday, the latter will spend the winter months with her son, Mr. J. Marchinson.

The Beaver Point school has started entertaining for their Christmas rehearsal. There will be a tree and a dance will follow. Santa Claus has promised to pay them a visit, so be good little girls and boys. The date will be announced in the next issue of the "Review."

Major Godfrey paid a visit to the Island on Tuesday.

An earthquake was felt by the residents of the South End of Salt Spring Island on Saturday morning at 6 o'clock when people were awakened suddenly from their sleep by the loud rumbling, three distinct tremors being felt.

The Christmas entertainment and tree will be held on Dec. 17 at 8 p.m. with a dance to follow, at the Institute Hall, Fulford. Santa will be there with all his Christmas cheer.

Mr. R. S. Daykin, who has been away for some time on the fish boat "China Hat," returned home Thursday for a few weeks.

The boys seem to be enjoying themselves duck shooting at the head

Mrs. W. Paterson entertained a few friends at cards Saturday evening.

There is a large fleet of seine boats off Beaver Point, which look very pretty in the distance and at night have attracted much attention when they are lit up, the whole place being illuminated.

Miss Betty Shaw went to Sidney by Launch "Aristo" Wednesday morning, returning in the evening with four silver foxes which Mr. Shaw purchased some days ago.

# REDUCTION PLANT IS A GOOD ASSET

(Continued from Page One)

in the development of our poultry industry. Fish meal is a concentrate with a very high protein content, low in fat and contains no fibre and its use is highly recommended by the very best poultry authorities, in fact no poultry mash is complete without the addition of this commodity and its use is at once reflected in the egg basket. It is also, due to its high ammonia content, used very largely as a fertilizer and for this purpose it supplies a product very much required by farmers and for vegetable and fruit and home gardens.

The process used at the Foro plant is a most interesting one and would well repay a visit from anyone who has the inclination to see a modern reduction plant in operation.

In order to show what an industry means to a community, we would point out that this company puts through its plant every season several thousand tons of dogfish. The catching of the fish creates employment for a large number of fishermen (all white) who receive cash for their catch of fish, which are purchased at the camps operated by the company at convenient rendezvous for the fishermen. Complete supplies of food, tobacco, fishing equipment in fact everything the fisherman requires, is kept on the company's scow, in addition to gasoline and oil for the fishing fleet.

In addition to this, a large amount of money is paid out in wages for the operating crews at the plant, which, by the way, is run day and night and never stops as long as there is raw product on the floor ready for reduction.

Add to the above the cost of coal and wood, the latter supplied by the Sidney Mills; water from the Sidney Water Works; light and power from B.C. Electric; hardware, grocery supplies, bread and other merchandise bought from Sidney merchants and Victoria jobbers, the total amount of cash distributed by the Foro Company every month amounts to about \$10,000.

British Columbia leads all the provinces in the Dominion in fish production, producing more than half the entire fish products of Canada. With its magnificent coast line there is no reason why British Columbia should not continue to occupy this important premier position in the great fishing industry. Sidney is ideally located for an industry of this kind and every encouragement should be given to any company enterprising enough to invest large sums of money in an essential development of this nature.

In the case of the Foro Company it is providing the poultry industry with a most necessary product in the proper feeding of poultry and in this way is helping to contribute to this great and evergrowing industry, and as fertilizer it fills a unique place in the operations of farm and home, resulting in a greater yield of farm products, fruit, vegetables and flowers. This applies to the fish meal. As for the fish oil, the other valuable product turned out by this company, it is an export proposition and is shipped out principally to the United States, bringing back for the use and development of Canada the values of this commodity and helping to swell the large and expanding export trade of British Columbia and Canada.

In addition to these important features of the activities of the Foro Company it is doing the fishing industry a wonderful service in helping to exterminate the "Vermis" of the Sea, the ubiquitous dogfish. It is well known that dogfish is so called not on account of any likeness to the dog; but from the fact that it hunts its prey in packs. It lives on herring, smelts and other edible fish and are especially destructive of our herring, driving them to the coast line and devastating them by the million. It was on this account that the B.C. Fisheries Commission in their report to the Dominion Government in 1922 strongly recommended that there be no restrictions whatever on the catching of dogfish and also recommended that on account of the destruction caused by this pest the utilization of this fish by reduction plants should be encouraged in some way, financial or otherwise. They also were in favor of a bounty being paid for the catching of this fish.

The Foro Products, Limited, is composed entirely of British Columbia capital with about \$50,000 invested in plant and equipment. The shareholders are all well and favorably known, connected with other

large enterprises in B.C., and the company has sufficient capital behind it to maintain its position successfully. The general manager of the company is Mr. Otto Netzer, who has been in B.C. for 14 years and brings to the service of the company a business experience gained in several European countries.

The great demand for industries in all the leading centres of British Columbia is being constantly advanced as one of the greatest necessities for our future prosperity and quite a healthy rivalry has developed with special inducements being offered for industries to move their plants and to attract new ones.

This is the age of industrial progress and B.C. is very rapidly forging to the front in almost every line of activity.

Sidney is not lagging in this regard and is doing everything in its power to encourage those industries that are naturally adapted to the community and with its wonderful coast line and close proximity to the Gulf Islands there is no industrial development more native to the Saanich Peninsula than that of a fish reduction company. The Foro Products, Limited, is doing everything in its relation to industrial progress and activity, both now and looking to the future.

# MAYNE

By Review Representative

Dr. West and wife left on Monday for Victoria on the Princess Royal.

The earthquake was felt by a good many people on Mayne Island, though not everybody realized what it was at the time.

A large rock fell in Mr. Robson's field last Friday. It rolled from the top of the hill across the road and came down with such force that it jumped the road and broke the fence on the opposite side. It is too large to haul away with a team and powder will have to be used to split it up. Mr. S. Robson had passed along the road only a minute before.

Miss Berry is busy rehearsing the school children for their program for the 16th at the hall, to be followed by a Christmas tree and games.

Mr. Peter Garrick, Mr. and Mrs. Colston, have returned home for the winter.

# FRUIT MEN HEAR TALK ON WEEVIL

By Review Representative

SAANICHTON, Dec. 9.—Mr. W. Downes, Dominion entomologist, addressed the members of the Saanich Fruit Growers' Association at their meeting in the Temperance Hall with regard to the use of bait for combating the weevil.

Manufacture and method were fully explained, intimating also that last year's experiments had proved very successful. An increased tonnage of fruit had been marketed last year, the increase had been most marked in the case of logans, which had risen from 100 tons in 1925 to 190 tons in 1926.

The following were nominated as directors for 1927, election to take place at annual meeting in January: J. E. Tanner, H. C. Oldfield, W. D. Michell, P. Holloway, C. B. McCarthy, J. N. Wood, R. McIntosh, S. E. Vantreight.

# PENDER

By Review Representative

The debate which was arranged by the junior members of the Young People's Society on Friday evening on "Resolved, that Poultry Raising is More Profitable Than Dairying," resulted in a win for the affirmative. The winning side was taken by Miss Edith Bowerman, George Logan and Jack Falconer, while the supporters of the negative were Jimmy Kindlin, Mae Bowerman and Dick Simpson. This was the initial attempt of these youthful debaters and proved quite interesting.

Mr. Arthur Bowerman has been confined to his home for the past two weeks with a severe cold.

Mr. H. B. Harris, of Victoria, is spending a week or so at his former home here on business.

Mr. J. Dansey left for Vancouver last week, from where he will leave for the Old Country. Mr. Tyner will carry on the business during his absence.

The concert which was given in Hope Bay Hall on Tuesday evening of last week by the three Victoria artists was very much enjoyed by those who attended. It was regrettable that so few availed themselves of the opportunity of hearing these three talented ladies.

# AT AUDITORIUM

Mike Donlin, onetime star pitcher of McGraw's New York Giants, and noted for his brilliant base running and pilfering of the bags, rivalled his base-running record, at least in mileage, during the filming of John McCormick's new First National picture, "Ella Cinders," starring Colleen Moore. Mile enacted the role of a motion picture studio gateman and had to give pursuit when Miss Moore eluded him at the entrance and got into the guarded preserves in the only manner in which she could break in. He gave chase and tracked his quarry through many stages and more "sets" until he was able to lay hands on her. Right there a big surprise takes place in the action of the story—so that's as far as we'll go with the gateman, and with the reader, not wishing to dispel his anticipation. The picture will be shown at the Auditorium Theatre, Sidney, on Friday and Saturday nights this week.

# SAANICHTON

Congratulations to "Pete," son of Mr. and Mrs. Fred Turgoose, who is doing big things in High School Rugby. Vancouver Sun of Dec. 6th says: "Spectacular runs by Turgoose, a lanky wing three was chiefly responsible for the victory of the visitors. This lad ran nearly the full length of the field in which he dodged nearly the entire Magee team for one of the most sensational tries ever scored at Brocton Point. . . . He ran 30 yards for another near the finish of the game." Victoria High beat Magee by 11-0.

Great preparations are being made for the "Country Store," a yearly event arranged by the Farmers' and Womens' Institutes to be held in the Temperance Hall on Friday, Dec. 10, Saanichton R&B.T.

# GALIANO

By Review Representative

On Friday Galiano residents again welcomed Miss Ida New, Mrs. Warn and Miss Dorothy Hicks, who were well received—encore after encore being the order. The stage was beautifully decorated for the occasion and a well chosen program delighted an appreciative audience. The artists were assisted by Mr. O. New, who delighted all with his violin playing, showing marked ability and being loudly applauded by his many friends. Supper was served by Mrs. Hardy and Mrs. Lord and a dance followed.

Mr. Tony Bellhouse returned home from Powell River.

Children's service held in the school house Sunday was well attended. The children are making good progress with their lessons by post, receiving high marks.

Mr. C. Twiss and Mr. Patience were among those working on the post office shed.

Another motor accident! Horse smashes windshield. Nuff sed.

It's a hard world says Ed Blackburn. In a city neighbors don't know you well enough; in a village they know you too well.

Joey Doolittle says: Some folks' idea of saving 'up somethin' for a rainy day is to buy a automobile equipped with storm curtains, on the installment plan.

## SCHOOL REPORTS FOR NOVEMBER

(Continued from Page One)

James Speedie, Gerald Clanton.  
Tommy Rigg and Atwood Cochran not ranked owing to absence.

Junior Grade I. — Margaret Mounce, Gwen Homewood, Phyllis John, Garton Lees, Tommy Bowers and Marjorie Le Vack equal; Leslie Hambley, Shew Lim, Gordon France, Masao Baba, Gordon Brethour, Chris Peterson, Edward Jakson.

### NORTH SAANICH SCHOOL

Pupils ranked in order of merit for November:—

#### Division I.

Catherine Hayward, Annie Boshier, Nesta Carter, Annie Ohren, Rita Hoare, Irene Lambert, Lillian Tuttle, Frank Nunn, Winnifred Taylor, Elizabeth Gibson, Ronald Marshall, Sylvia Gorton.

#### Division II.

Grade VII.—Horace Straight, Joan Stirling, Wesley Jones, Clifford Hill, Julia Erdelyan, Grace Marshall, Tom Gorton, Peter Ricketts.

Grade VI.—Grace Norbury, Elsie Chancellor, Winifred Tapping, Wilfrid Hill, Florence Nunn, Cyril King, Narikichi Yanai, Roy Tuttle, Jack Toomer, Charley Ricketts, Agnes Holmes, Jim Lorenzen.

Grade V.—Bella Craig, Cyril Stirling, Eileen Jeffery, Dawn Hayward, Allan Jeffery, George Clark, Glenys Jones, Nora Hoare.

Grade IV. — Georgette Lennartz, Edith Readings, Priscilla Towers, Betty Thomas, Elizabeth Clarke, Lewis Dawes, Doris Norbury, Willie Dawes, Maurice Connor, Peggy Abson, Fred Clarke, Genevieve Ricketts, Sidney Beswick, Charlie Gibson.

#### Division III.

Grade III. — Vera Iical, Myrtle Norbury, Joan Thomas, Iris Reading, Victor Heal, Kenneth Tuttle, Iain Wilson, Frank Gibson, Jane Nicholet, Leslie Gibson.

Grade II-B—John Gorton, Geraldine Tuttle, Ralph Marshall, Minnie Lattanzie.

Grade I-A — William Holmes, Kathleen Buckman, Helen Humber, Toanice Yanai, Kathleen Hoare, Margaret Dawes, Irene Tuttle, Leslie Heal.

Grade I-B—Joyce Lennartz, Leslie Stirling, Bessie Stirling, Charles

Sansbury, Mary Ricketts, Joyce Buckman.

### GALIANO SCHOOL

The following is the list of pupils in order of merit, for November:—

Grade VIII.—Ronald Page.  
Grade VI. — Rosamond Murcheson, Norah Shopland, Kenneth Page, Betty Lord, Douglas York.

Nigel Morgan absent on account of illness.

Grade V. — Barbara Twies, Jack Page, Finlay Murcheson, Edwin Bambrick, Edwina Morgan.

Grade III.—Dorothy Patience, Angus Murcheson, Richard Morgan.

Grade II. — Lillian Moir, Leslie Page, Myrtle Bambrick, Colin Murcheson, Robert Lee.

## CANADIAN LEGION

The regular monthly business meeting of the North Saanich branch of the Canadian Legion, B.E.S.L., took place in their clubrooms, Matthews' Hall, on Tuesday, Dec. 7.

The president, Com. A. Calvert, was in the chair and a good number of the officers and members were present.

Ten new members were elected, coming from all parts of the district.

The report of the Poppy Day committee was presented showing a collection of \$44.45, which, after deducting the cost of the poppies, was ordered to be placed in a separate fund to be used for benevolent purposes.

It was decided by a unanimous vote to write a letter of appreciation to the young ladies, Misses Iris Hearn and Lillian Woods, who carried out the sale of poppies so efficiently.

The dance committee reported that the dance on Nov. 25th had been a success and that the balance realized over expenses had been placed in the general fund.

It was decided to approach the Cowichan and Sooke branches to appoint a committee with a view of holding a joint meeting to endeavor to make arrangements to send a delegate to the Dominion convention at Winnipeg on Jan. 24th. Coms. Young and Clark were appointed to represent the North Saanich branch. Com. C. G. Cory Wood was elected as the branch's candidate.

The secretary reported that the charter of the branch had been received, also the badges and membership cards, the latter can be obtained from him by members.

## LIGHT RATES UNDER FIRE

By Review Representative  
SAANICHTON, Dec. 9.—With the president, Rev. M. Bruce, in the chair the Saanich Board of Trade held its regular monthly meeting in the Brentwood Hall on Monday evening last.

The report that the committee appointed to act in conjunction with other associations in the municipality in an effort to obtain light and power rates to enable residents on Peninsula to make the widest possible use of electric light and power had failed to make any impression on the Electric Company called forth some very strong criticism.

Owing to the high rates people were obliged to curtail its use in many directions in order to keep light bills within reason and many others were unable to obtain current owing to the cost of extension.

It was felt that every effort possible should be made to obtain light and power at reasonable rates or rates now prevailing in other parts of the province. The discussion led to the following resolution being passed:—

"That we, the Saanich Board of Trade, are dissatisfied with the stand taken by the B.C. Electric Co. with regard to the rates for light and power on the Saanich Peninsula and in view of the difference in rates between similar communities on the Mainland, we feel that this district is working under a great disadvantage."

In November last lighting rates were reduced to 7 cents net in the following municipalities: Surrey, Langley, Matsqui, Sumas, Chilliwack, Richmond, Delta, Mission, Maple Ridge, Pitt Meadows, Dewdney, Hatzic and West Vancouver. The net rate for lighting in Saanich is 11c.

Mr. Clearihue, of Victoria, appeared before the board to explain the project with regard to the proposed application for foreshore rights at Towner Bay.

While Mr. Clearihue ably explained the situation yet the board required more time before declaring itself upon such an important matter. A committee was appointed to bring in a report at the next regular meeting.

Mr. E. Harding, secretary of the board, tendered his resignation in

view of his leaving for England on a six months' holiday.

The president referred to the splendid work done by Mr. Harding whose experience had been of great benefit to the board during its first year. The board in a resolution decided to appoint a secretary to act until Mr. Harding returns. Mr. J. E. Sladen was chosen as acting secretary and was asked by the president as his first duty to say a few words to Mr. Harding on behalf of the board. Mr. Sladen then called upon Mr. Harding and after dealing with the splendid work done by Mr. Harding presented him with a walnut smoker's cabinet on behalf of the board.

Mr. Harding, in accepting, said he had been quite calm before but was now quite embarrassed at receiving such a magnificent presentation. He assured the members that it would be one of his most treasured possessions.

The president reported what had been done in an effort to strengthen fruit marketing organizations on the Saanich Peninsula. He had addressed the Saanich Fruit Growers' Association at a recent meeting and had been well received. He expected to appear before members of the Keating Co-operative at their next meeting and had also arranged to address the Gordon Head Society. A public meeting would be held in Victoria on Dec. 18th when Mr. Pinedo would have present the organizer of co-operative marketing in the Hood River district. Postcards would be mailed to every fruit grower whose address was on record at any association, though all fruit growers and others interested in the development of the Saanich Peninsula were invited to attend.

## "Moorite" Now On Sale At the Sidney Pharmacy

"Moorite," the wonderful key to health and a gift from nature, is now on sale at the Sidney Pharmacy. The 20th century is marked with great discoveries in the realms of science and medicine, and this is one of the very remarkable discoveries of the age. This is not a drug or a patent medicine, but is a mineral from the earth, a gift of nature itself, it was discovered by Mr. John Moore, a student of nature, in the district of Wyoming, where he came upon a particularly large deposit of this mineral.

Feeds and Feeding

An Article Written Expressly for the Readers of  
the "Review" by Prof. E. M. Straight,  
of the Dominion Experimental  
Farm, Sidney, B.C.

A cow might be full of sawdust and still be starving. This is evident to everybody; yet the idea still persists that there is not much the matter with a food that is eaten and relished by animals. The fact remains that the animal may be well filled, but because of failure to observe the principles of animal nutrition may be suffering because the food was not properly balanced, too concentrated, too bulky, lacked vitamins or did not measure up in some other particular.

The expression "nutritive ratio" is common with the students of feeding problems, and should be understood by all, since it is helpful in studying different feeding substances. By "nutritive ratio" is meant the ratio which exists between the amount of the digestible protein in a given feeding stuff, and the amount of the digestible carbo-hydrates and ether extract it contains. It is ascertained in the following manner. The amount of digestible ether extract is multiplied by 2.4, because ether extract is considered as having this heat value compared with the carbo-hydrates. The product obtained is added to the total quantity of digestible carbo-hydrates in the given fodder, and the sum is divided by the digestible protein.

The method of calculating the nutritive ratio for corn stoves, the digestible nutrients in which are protein 17, carbo-hydrates 32.4 and ether extract .7, is as follows: Ether extract .7 multiplied by 2.4 equals 1.68. 1.68 plus 32.4 equals 34.08 the total carbo-hydrates, 34.08 divided by 1.7 equals 20. The nutritive ratio is therefore 1:20. In expressing the nutritive ratio of corn stoves thus 1:20 it is meant that for each pound of digestible protein in corn stove there are 20 pounds of digestible carbo-hydrates and ether extract equivalent. The nutritive ratio of oat straw is shown to be 1:33.7. This is called a wide ratio because of the very large amount of carbo-hydrates contained in this feed in proportion to the protein. With Indian corn the nutritive ratio is 1:9.8. Such an expression is spoken of as a "medium" ratio. In oil meal the nutritive ratio is 1:1.7. The protein almost equaling the carbo-hydrates and fat combined. Such an expression is called a "narrow" ratio.

While analytical work and digestive trials were in progress by the physiologist and chemist, feeding

trials were being conducted to determine how much protein, carbo-hydrates and ether extract were required to properly mature farm animals of the several classes under various conditions. It has been determined that for a dairy cow a nutritive ration of 1:5.7 is about right. However, for special feeding tests the ratio is narrowed much below that in many cases.

It must be remembered that a satisfactory ration may be obtained in a great variety of ways, from a great variety of feeds, ending with a ratio of 1:5.7 by using a greater amount of the one feed, and a lesser amount of the other. We learn from this that a satisfactory ration for a dairy cow, weighing 1,000 pounds and yielding 22 pounds of milk daily, may be composed of the following: Red clover hay, 8 pounds; corn stove, 10 pounds; corn meal and bran, each 5 pounds; oat straw and oil meal, each 3 pounds.

At the Experimental Station individual records are kept of milk production and feed consumed, and the cost of milk production and profit over feed determined. Changes are made in the meal mixture to suit individual animals in the herd, and the period of lactation. The following may be regarded as a basic mixture for the cows in full milk:—

- |                 |          |
|-----------------|----------|
| Bran            | 550 lbs. |
| Ground oats     | 400 lbs. |
| Gluten meal     | 100 lbs. |
| Cottonseed meal | 100 lbs. |
| Oilcake meal    | 100 lbs. |

This mixture is fed at the rate of one pound of meal to four of milk.

Mineral Feed for Dairy Cattle

Quite recently breeders have given much attention to mineral feeds as a part ration for dairy cows. The mineral drain on the animal's body in producing milk and carrying a calf is very great, greater than the amount supplied in the meal and roughage. An attempt is being made to meet this deficiency by a mineral ration composed as follows:—

- |           |         |
|-----------|---------|
| Bone meal | 25 lbs. |
| Charcoal  | 25 lbs. |
| Sulphur   | 3 lbs.  |

This 53 pounds of mineral is being fed mixed with 1,200 pounds of meal, varying the amount with the amount of meal fed. The work has not been carried far enough to speak definitely concerning this project.

Feeding Minerals to Calves and Heifers

What has been said concerning mineral feed for cows applies, in some measure, to calves. With calves there is not the daily drain of mineral through the milk pail as with cows. It has also been argued that resistance to some diseases, such as abortion, may be built up by feeding the proper mineral food to calves and cows when dry. For this purpose the following mixture is being used:—

- |                   |         |
|-------------------|---------|
| Calcium phosphate | 10 lbs. |
| Sodium phosphate  | 10 lbs. |
| Epsom salts       | 10 lbs. |
| Bone meal         | 10 lbs. |
| Sulphur           | 10 lbs. |
| Glauber salts     | 4 lbs.  |
| Potassium iodide  | 4 lbs.  |

On all feeding work, whether with cattle, sheep or poultry, the stockman must carefully study the requirements of each animal and nourish it according to its individual wants, rather than to be bound by any inflexible standard.

NOTICE

NOTICE IS HEREBY GIVEN that an application will be made to the Legislative Assembly of the Province of British Columbia at its next session, by the British Columbia Electric Power & Gas Company, Limited (hereinafter called "the Company"), for an Act declaring its status and powers, and empowering the Company to acquire, construct, maintain and operate (otherwise than by direct steam power), tramways, street railways and interurban railways or any one or more of them on any part of the mainland of British Columbia within a radius of seventy-five miles of the General Post Office in the City of Vancouver, and also on Vancouver Island within a radius of fifty miles of the General Post Office in the City of Victoria, and to purchase, take over, lease or otherwise acquire, hold, maintain and operate the whole or any part or parts of the respective undertakings, properties, both real and personal, immunities, concessions and franchises of any one or more of all of the following:— Vancouver Gas Company Limited; Victoria Gas Company Limited; Vancouver Power Company Limited; Bridge River Power Company Limited; Vancouver Island Power Company Limited; Burrard Power Company Limited; Western Power Company of Canada Limited; and British Columbia Electric Railway Company Limited; and of any other company or companies now or hereafter owned or controlled by the last mentioned company (hereinafter called the "selling companies"), and empowering each of such companies to sell, lease, convey, assign or otherwise transfer to the Company, their and each of their respective undertakings or any part thereof, properties, both real and personal, contracts, rights, powers, privileges, immunities, concessions and franchises, and providing that every such power and authority may be exercised notwithstanding anything contained in any statute of British Columbia, concession, franchise, charter, by-law, contract or other document, and without any consent, order or approval whatsoever, and that no such exercise shall constitute a breach of or annul, avoid, impair or affect otherwise than as hereinafter provided, any of such contracts, rights, powers, privileges, immunities, concessions or franchises, and providing that whenever and as often as the Company shall have exercised any of the said powers in respect of any one of the selling companies, the Company shall thereupon in addition to its other rights, powers, privileges, immunities, concessions and franchises, be vested with and have, hold, and enjoy all the undertakings, properties, both real and personal, contracts, rights, powers, privileges, immunities, concessions and franchises of such selling company, whether conferred on such selling company by statute of British Columbia, concession, franchise, charter, by-law or contract or otherwise howsoever conferred on, enjoyed, held or acquired by it, so that (and notwithstanding anything contained in any statute of British Columbia, concession, franchise, charter, by-law, contract or other document, and without any consent, order or approval whatsoever) said undertaking, properties, both real and personal, contracts, rights, powers, privileges, immunities, concessions and franchises shall be vested in, held, exercised and enjoyed by the Company as fully as if specially conferred on it by statute, subject, however, to all mortgages, liens, charges and encumbrances, if any, upon the same, and providing that the Company shall thereupon be deemed to have assumed and shall thereafter be liable in lieu of such selling company for all debts, claims, demands, obligations, contracts, agreements or duties to, of, or with municipalities or others, for which the said selling company was liable, and to as full an extent as the said selling company was liable at the time of the said exercise, and that the Company shall be deemed to be substituted for such selling company in all contracts to which such selling company is a party, and that thereafter all such contracts shall be binding upon the Company and the other party or parties thereto in the same manner and to the same extent and with the same rights, privileges, immunities and liabilities as if the said contracts had originally been made between the Company and the other party or parties thereto, and providing that the Company, as payment in whole or in part for the undertaking, properties, both real and personal, contracts, rights, powers, privileges, immunities, concessions and franchises of any such selling company, may surrender to such selling company, authorizing such selling company to accept the surrender of any shares in the capital stock of such selling company and any debentures of such selling company that the Company may hold, and also to allot and issue to any such selling company or to its shareholders, or to any one or more classes of them, shares in the capital stock of the Company of any kind and with any conditions, privileges or preferences, and or debentures of the Company, and to so allot and issue such shares as fully paid up or as partly paid up as shall be agreed between the Company and the selling company, and for all other powers necessary, usual, incidental or conducive to the foregoing.

French-Canadian Chanson Has New Lease of Life

1. Charles Marchand, well known French-Canadian folk song singer in typical pose.
2. Chansons have kept the spirits of legions of French Canadians in a difficult task.
3. Singing and paddling went well together.

created by the lumbermen and habitants; for music is a living art in French Canada.

Only within recent years have we begun to realize how rich is the treasury of lovely melodies associated with the folk songs of Canada. Thanks to a little Charles Marchand, interpreter of the French-Canadian "chansons," these folk songs have taken on new life, and before long they will be available for the English speaking population of Canada, owing to the efforts of John Murray Gibson, whose translations will be published in book form early in the year.

With the idea of popularizing the English versions and thereby bringing about a closer understanding between the French and English elements of Canada, Mr. Marchand is at present making a transcontinental concert tour visiting the various branches of the National Council of Canadian

Perhaps the only part of the North American continent that possesses an authentic collection of folk songs is the province of Quebec. Four hundred years ago when the first French explorers and settlers came to the shores of the St. Lawrence many of these songs were on their lips and in their hearts and they have never died out. It is to the honor of the French-Canadian race that they have

never been allowed to fade from the remembrance of the people, nor has the food of a humorous and robustly popular songs of the day overwhelmed them. Originally sung at the court of the French monarchs, they were passed on from father to son, and were brought with the early settlers from France to Canada. And as the years have passed the old ballads have been supplemented by new ones

**LARGE CROWD ATTENDS PUPILS VARIETY SHOW**

The pupils of the North Saanich School gave a delightful variety entertainment in the Auditorium Theatre on Tuesday night, Dec. 7. The hall was filled to capacity with parents and friends to watch the tiny tots as well as the older people do their bit, and each turn kept the audience interested and excited to know what was coming next.

The program opened with a recitation of welcome by little Joyce Lenart, after which the first tableau of the seasons was presented by a number of girls. Miss Irene Lambert doing the spring scarf dance very gracefully. Next Miss Kathleen Lowe delighted the audience with two vocal selections; and the tumble drill by a class of boys was indeed amusing.

The next was a recitation designating the trials and tribulations of a mother and her babies, after which the summer tableau was then presented by a number of the older girls at camp, giving a number of very pretty songs of camp life. While "Mother Goose" was getting her family of nursery rhymes in order behind the scenes, Miss Helen Cochran gave a piano-forte solo, and when Mother Goose presented her brood from an old shoe there were "Jack and Jill," "Little Jack Horner," "Polly-Put-the-Kettle-On," "Little Boy Blue," "Here We Go Round the Mulberry Bush," and many others of well-known variety.

Tom Gurton then entertained with a recitation and the dialogue "Unexcited Company," where poor old Mrs. Billings with her many children, geographically named after the many places she had lived, had a lively time getting them in readiness for the unexpected visit of a distant relative who was supposedly very rich and carried society manners. However, she and her son turned out very ordinary, much to delight of the children.

The program was now passing and at this opportune time the third season, "Autumn," was presented, showing the elves changing the color of all the trees and foliage from green to the many beautiful tints and shades of autumn. Miss Kathleen Love entertained next with a piano-forte selection and the "Manners Class" next presented a very amusing skit, a number of boys being dressed as dandies, with silk hats, red bandana handkerchiefs and gay ties. Two little girls then gave a "sweet little dialogue and the sketch "Christmas at Holly Farm" where the children had come to be with their grand-mother to help eat her Christmas dinner, only to find that through a blunder on the part of the colored help there were three turkeys in place of one and it was found necessary to invite all the neighbors to help dispose of the many good things to eat.

Winter with its snow and cold was now upon us and this was the closing tableau of the seasons, several children dressed for winter, out with their sleds singing "Jingle Bells," the ever popular snow song. The playing of "God Save the King" then brought the entertainment to a close.

Great credit is due the teachers for the excellent manner in which the children were trained and it was pleasing to note the large crowd on hand to repay them for their efforts. Proceeds will go towards the library fund at the school and part to the Solarium.

**TIT-BITS from the NORTH SAANICH SOCIAL CLUB**

The ladies of the club held a most enjoyable military 500 and dance on Thursday evening last in order to raise the necessary funds for the annual Christmas tree which the club gives to the children of club members and the pupils of the North Saanich schools. There were 24 tables in play, and everyone voted it "The best ever." Saturday night proved that there was still some pep left when there were 12 tables of progressive 500 in play at the usual weekly social evening of the club. The prize-winners were: Ladies, Miss D. Carter, and gentlemen, Mr. Ben Reading.

**ANNUAL CHRISTMAS TREE**

The club is holding its annual Christmas tree and supper for the children on Thursday afternoon, December 16, at 3.30, in the clubrooms. All pupils of the North Saanich school and children of club members are invited to come and enjoy the supper and meet Santa, who has promised to have a gift for each one.

It would be appreciated if those who are desirous of contributing to the children's Christmas tree would kindly send their contribution to the vice-president, Mrs. M. L. Carter, Breed's Cross Road.

## MILITARY FIVE HUNDRED AT 24 TABLES AT NORTH SAANICH CLUB CARD PARTY

The ladies of the North Saanich Social Club on Thursday evening last, although warned by the men of the club that nothing could be done successfully without their aid, proved to a conclusion the long claimed fact of superiority of sex, when with 24 tables of military 500 in play, followed by a supper and dance, they put into effect one of the pleasantest special evenings ever enjoyed in the clubrooms. First prizes were won by Miss Iris Hearn and Messrs. Sootheran, Kirkness and Watson, while the winners of the second prizes were Mr. and Mrs. Clow and Messrs. Richardson and Williamson. The consolation prizes went to Mrs. Carter, Miss A. Toomer, Miss E. Chancellor and Master J. Toomer. Ladies' high bid was won by Mrs. Carter, while Mr. S. Copithorne won the gentleman's high bid on a cut from Mr. McLean and Mr. B. Robertson. The tombola prizes kept a spirit of expectancy alive among all participants. The prizes were presented by the ever-popular Father Scheelan. After supper, which was, as ever, of the high standard upon which the club prides itself, dancing was indulged in until 1 p.m., the N.S.S.C. orchestra of six pieces never having furnished better or more enjoyable numbers. The ladies declare that for once the men are reduced to an amiable state of servility, the only worrying factor being "How long will it last?"

### ANNUAL MEETING

FULFORD HARBOUR, Dec. 9. — The annual meeting of the members of the Women's Institute will be held on Wednesday, Dec. 15, at 2.30 p.m., at the White House, Fulford, to discuss business, etc., and to elect the officers for the coming year. All members are requested to attend.
